This Holiday season NJ ASSE has partnered up with **Bergen County Habitat for Humanity (HFH)**. Groups of ASSE members and their families donated their time to help wrap holiday gifts at the Bergen Town Center and the Riverside Square Mall to raise money for the 501c3 local nonprofit organization. Habitat for Humanity of Bergen County was established in 1994 as an affiliate of Habitat for Humanity International. They are in need of sponsors, donors, volunteers and community partners to help

contribute and create opportunities for local families to thrive. Additionally, NJ ASSE has made a \$500 donation to help support the amazing work Habitat for Humanity is doing in New Jersey. Thank you to all who participated! We hope to continue to support HFH in future projects and partnerships.
