

# Community Bank of Bergen County joins 'Bankers Build' effort

A team of 10 volunteers from Community Bank of Bergen County (CBBC) recently spent the day installing stairs and trim with Habitat for Humanity of Bergen County (Habitat Bergen) in Little Ferry and Moonachie homes as part of the New Jersey Bankers Association's (NJBankers) "Bankers Build" program.

Throughout the summer, NJBankers, along with associated members of various banks, will volunteer on Habitat Bergen's job sites. Along with their hands-on support, members of the association have generously committed to donate \$1,000 per team build to Habitat Bergen.

"Many of us were spared the misfortune that Superstorm Sandy brought to our neighboring communities. Working with Habitat for Humanity of Bergen County is

a reminder that although the storm happened almost three years ago, there are still people whose lives have not returned to normal. We must continue to help those affected," said Peter Micheli, Community Bank of Bergen County president/CEO.

Jacey Raimondo, Habitat Bergen executive director, said, "Community Bank of Bergen County is the third team to join our affiliate as part of the 'Bankers Build' program. Similar to the NJBankers' values, CBBC proved their dedication as active corporate citizens. Employees demonstrated their core values of Unity and Community while in action on our job site."

For more information about Habitat Bergen, contact Nicole Murray at nicolem@habitatbergen.org, or call 201-457-1020.
